

the cross-country Harperman sing-along

Harperman lyrics by Tony Turner, 2015

Who controls our Parliament?

Harperman, Harperman

Who squashes all dissent?

Harperman, Harperman

The Duffy handout incident

No respect for the environment

Harperman, it's time for you to go

Who's the king of secrecy?

Harperman, Harperman

Who has slashed the CBC?

Harperman, Harperman

No money for PTSD

Accuses good Judge Beverly

Harperman, it's time for you to go

CHORUS

Who's the rogue in prorogue?

Harperman, Harperman

Whose party line must be toed?

Harperman, Harperman

Won't buy into climate change

Until it's sold on the stock exchange

Harperman, it's time for you to go

Whose smarmy smile is a thin veneer?

Harperman, Harperman

Who preaches the politics of fear?

Harperman, Harperman

Ignores the plight of native folks

Missing women, it's no joke

Harperman, it's time for you to go

CHORUS

CHORUS

We want you **gone, gone, gone**

You and your **pawn, pawn, pawns**

No more **con, con, cons**

Time to move **on, on, on**

Get out of **town, town, town**

Don't want you **round, round, round**

Harperman, it's time for you to go

Qui contrôle le parlement?

Harperman, Harperman

Qui écrase les dissidents?

Harperman, Harperman

L'affaire Duffy où tout l'monde ment

Pas d'respect pour l'environnement

Harperman, c'est le temps d't'en aller

Qui baillonne les scientifiques

Harperman, Harperman

De la côte ouest à l'atlantique

Harperman, Harperman

Nie les changements climatiques

Musèle ceux qui revendiquent.

Harperman, c'est le temps d't'en aller

CHORUS

Who's dropping payload in Iraq? *Harperman, Harperman*

Who passed the Unfair Elections Act? *Harperman, Harperman*

Who's a two-bit controlling freak

Makes us feel the future's bleak?

Harperman, it's time for you to go

Who muzzles the poor scientist? *Harperman, Harperman*

Calls troubled people 'terrorists'? *Harperman, Harperman*

Who wants the courts to just say yes?

And suppresses freedom of the press?

Harperman, it's time for you to go

CHORUS

Who turns watchdogs into lapdogs? *Harperman, Harperman*

Gives his friends the best fat cat jobs? *Harperman, Harperman*

Bigger prisons, 'tough on crime'

Gerrymanders election lines

Harperman, it's time for you to go

Who's pulling all the Tory strings? *Harperman, Harperman*

Who stands to the right of the right wing? *Harperman, Harperman*

Ignores the cause of everything?

But to ideology will cling

Harperman, it's time for you to go

Who reveres Uncle Sam? *Harperman, Harperman*

Says our future lies in oil sands? *Harperman, Harperman*

Dirty oil, dirty plans

Dirty tricks, dirty hands

Harperman, it's time for you to go

CHORUS

You can drive your omnibus to Kokamo

And take that useless caucus when you go

We'll scratch you from the long form census poll

Harperman, it's time for you to go
