

Harperman Video Encourages Strategic Voting

(Ottawa; October 16, 2015) A new video featuring *Harperman* composer Tony Turner encourages Canadians to vote strategically when they cast their ballots on October 19th.

Produced by Ottawa filmmaker Andrew Hall, the 9-minute video highlights some of the cross-country sing-alongs of Turner's Harperman and promotes Sunday's ***Harperman Farewell Sing-Along***.

According to Hall, "This video captures the Canada-wide grassroots movement that was inspired by Tony's suspension. The outrage around the suspension continues to this day, and will culminate with a final ***Harperman*** sing-along on the steps of Parliament Hill, Sunday, October 18th at 2:30 pm."
